Wholesale Lighting Supply

Based in Brea, Calif., RAY-LITE Industries, Inc. is Southern California's leading lighting wholesale distributor. Representing hundreds of mainstream and specialty-lighting manufacturers, we offer the best and latest in lighting technologies.

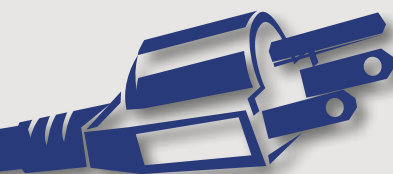

For more than 70 years, RAY-LITE has specialized in street lighting and lighting for the **industrial, commercial and retail industries** as well as **municipalities, universities and schools**. Our goal is to deliver the highest quality and most reliable lighting products through innovative expertise and superior service.

RAY-LITE has the strategic advantage of being a specialty-lighting distributor with a long history of manufacturing, design and assembly, and a focus on energy management. Ultimately, this puts us in a position to be the only customer advocate on all levels of the wholesale lighting industry, thus being able to deliver the most visually effective lighting available at the most competitive prices.

Make the switch to RAY-LITE today!
